Experience

2022-2024
Frontend developer
Freelancer / Kwork

- Developed and maintained websites and web applications using HTML/HTML5, CSS/CSS3, JavaScript, React, Zustand, and Tailwind CSS.

- Ensured high performance of applications and actively contributed to architectural decisions.

- Actively participated in the analysis of initial issues and goals, conducting research and determining solutions' requirements.

- Provided technical support for existing applications as needed and helped plan and make reasonable estimates for larger timeframes in projects..

- Conducted regular code refactoring and optimization to improve application performance and maintainability.

- Collaborated closely with clients and team members to deliver high-quality solutions tailored to their needs..
